1 EXPLORE

ONE-TRACK MIND

The all-new Ford Mustang Mach 1 is the most track-capable 5.0-litre V8 Mustang ever. Packing a specially calibrated engine producing up to 460PS (338kW) at 7,250 rpm, the Mach 1 is a serious Mustang for those serious about performance.

Note Professional driver. Closed course.
*Manual transmission model tested to the track endurance standards of the 2012 Ford Mustang Boss 302.

Mustang Mach 1 Fastback in Fighter Jet Gray with black hood and side stripes with orange accents (option) and 19" 10 Y-spoke design alloy wheels with high gloss Magnetic painted finish (option).

1 EXPLORE

RELEASE THE HORSES

PURE EXHILARATION

First introduced in 1969, the Mustang Mach 1 focused on developing the qualities of the GT version, with an emphasis on performance and design enhancements. Today's Mach 1 continues this concept by adding a wealth of exciting Ford Performance parts from Shelby GT350 and Shelby GT500, while celebrating the spirit of the original model.

Built for pure exhilaration, its features include:

- **Aerodynamic Performance**, the new front aero, splitter and approach angle increases overall aerodynamic performance. The rear diffuser from GT500 contributes to airflow improvement and works in tandem with the rear axle cooling system to optimize airflow and provide a direct exit path. The new belly pan is the single most important aero upgrade and provides significant extra downforce delivering more traction and stability when cornering (Standard on Mach 1)
- **Transmission**, previously only available on the Ford Performance offerings, the 6 Speed Manual transmission has been tested to Boss 302 track endurance standards. The 10 Speed Automatic transmission has also been upgraded to feature a new torque converter supporting optimized torque capability and performance. Transmission calibration improvements also deliver improved sport shifting (Standard on Mach 1)

Note Professional driver. Closed course. Do not attempt.

Mustang Mach 1 Fastback in Oxford White body colour with black hood and side stripes with red accents and 19" 10 Y-spoke design alloy wheels with high gloss Magnetic painted finish (option).

Mustang Mach 1 Fastback in Grabber Yellow body colour with black hood and side stripes with white accents (option) and 19" 10 Y-spoke design alloy wheels with high gloss Magnetic painted finish (option).

PUSH THE LIMITS

The Mustang Mach 1's design and engineering team pushed the limits with an exclusive high performing powertrain and chassis. And enhanced its track endurance by adding three further heat exchangers and two pumps for extra cooling.

The unique aerodynamic design and Ford Performance driver control technologies make every moment behind the wheel exhilarating. At the track, performance improves even more thanks to its upgraded chassis, high performing Michelin PS4 tyres and fast response brake booster.

RACE CONTROL

HIGH STYLE AND AGILITY

Mustang has always been a unique sports car, and with Mach 1 the experience soars to a new high. From the optional unique Recaro front sports seats to the specially-developed chassis with fully-independent suspension, stiffer anti-roll bars and front springs, and precision steering, it's the most engaging and agile production Mustang ever.

- **Recaro front sports seats** hint to the Mach 1 heritage and hold you firmly in place – turn after turn (Option on GT and Mach 1)
- **All-independent suspension** geometry has been tuned to provide anti-squat, anti-lift and anti-dive characteristics. This helps keep Mustang's body more level under hard acceleration or braking (Standard)
- **MagneRide® Damping System** delivers the ultimate Mustang driving experience. The system (with unique calibration for Mach 1) monitors and adjusts itself thousands of times per second to deliver exceptional levels of stability, comfort and control. Four settings (Normal, Sport, Track and Drag), let you tailor the handling to suit the road conditions and your driving style (Standard on Mach 1, option on GT)

Mustang Mach 1 Fastback in Fighter Jet Gray with black hood and side stripes with orange accents (option) and Recaro front sports seats in Ebony (option on GT Fastback and Mach 1).

LIBERATED

Enjoy the wind in your hair with the captivating Ford Mustang Convertible. Designed from the very start as a convertible, it's packed with all the performance and attitude of the Fastback, but with the added thrill of open-top driving.

Mustang GT Convertible in Antimatter Blue body colour (option) with 19" 5x2-spoke design Luster Nickel painted forged aluminium wheels (option).

CONNECT TO THE ROAD

INSPIRED DESIGN

Taking inspiration from aircraft cockpit design, Mustang delivers a thrilling drive. Important controls are perfectly placed within easy reach of the driver, with every element specially designed to heighten your connection to the road.

- **Digital LCD instrument cluster** lets you customise what you can see while you're on the move. Fully-configurable digital cluster lets you choose from Normal, Sport and Track modes to personalise the information displayed, right down to the colour of your gauges (Standard)
- **Mustang MyMode** allows you to save your favourite drive settings, including suspension and steering preferences (Standard)
- **B&O Premium Sound System** with 12 speakers elevates the experience of every journey, letting you experience your music the way the artists intended it to be heard (Standard on Mach 1, option on GT)
- **Leather-trimmed 3-spoke sports-style steering wheel** with iconic Mustang logo feels just right in your hands (Standard)

Mustang GT Convertible in Antimatter Blue body colour (option) with Salerno leather seats in Tan.

PURE THOROUGHBRED

From every angle, Mustang GT makes a powerful impression. At the front you'll find an aggressive mesh grille, and a front splitter that's designed to enhance handling and aerodynamic efficiency. Air extractor vents not only turn heads, but help to ensure the engine remains cool, even in the most demanding conditions. And no one should fail to notice its eye-catching LED headlights with instantly recognisable tri-bar signature lighting.

Mustang GT Fastback in Twister Orange body colour (option) with black over-the-top stripe (option) and 19" 5x2-spoke design Luster Nickel painted forged aluminium wheels (option).

1 EXPLORE

EXPLORE YOUR OWN SPACE

INTERIOR FEATURES

Mustang's welcoming cockpit features leather-trimmed seats with six-way power adjustment and a driver's power lumbar support so you can find your ideal driving position. The front door scuff plates feature an illuminated 'MUSTANG' nameplate.

- **Leather-trimmed seats** are standard on the Mustang GT Fastback and Convertible (Standard on GT)
- **Heated and cooled front seats** further enhance your driving comfort, whatever the weather (Option on GT, Standard on Mach 1)

Leather-trimmed heated and cooled front seats with six-way power adjustment. The driver's seat also includes a power lumbar support. (Option on GT, Standard on Mach 1) (Not available with optional Recaro front seats)

Mustang GT Fastback in Antimatter Blue body colour (option) with Premium Luxury Grain Leather seats in Ebony with Metal Grey stitching (option).

ADAPT TO TRACK

GET MORE FROM EACH DRIVE

With its advanced technology and effortless performance, Mustang takes driving enjoyment to a new level. Whether it's customising gauges inside the cockpit or effortlessly spinning the rear wheels, Mustang's Track Apps* (standard) displays fun and useful real-time performance information to help you get the most from each drive. Tracks Apps include:

- **Line Lock** locks the front brakes so the rear wheels can spin freely, allowing you to heat up your tyres for better traction
- **Accelerometer** displays the car's rate of acceleration or deceleration on a virtual gauge in the cluster
- **Acceleration Timer** measures acceleration sprints and features a Christmas tree-style timer for a real-world type of racing experience
- **Launch Control** helps limit the amount of torque distributed to the rear wheels to help prevent wheelspin

*For track use only. Not to be used on public roads. Not to be used under any other driving conditions. May void your vehicle's limited warranty. See your Owner's Manual for information on use.

Mustang Mach 1 Fastback in Fighter Jet Gray body colour with black hood and side stripes with orange accents (option) and 19" 10 Y-spoke design alloy wheels with high gloss Magnetic painted finish (option).

| SYNC

EXPLORE

CONNECTED AND IN CONTROL

FORD SYNC 3

Ford SYNC 3 integrates seamlessly with your compatible smartphone to make communication and navigation effortless*. You can control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you use the 8" colour touchscreen as if it were your smartphone handset. Using the touchscreen or simple voice commands, you can make calls, write and listen to text messages, and control your music and satellite navigation.

FORDPASS CONNECT

The FordPass Connect modem built into your car enables a range of features designed to make driving easier and more enjoyable**. These include Live Traffic† which delivers up-to-date traffic information to your SYNC Navigation system, and Local Hazard Information†† that can warn you of upcoming hazards before they are encountered. In the event of an accident, eCall‡ automatically places a call with the emergency services and shares your location. While for optimum connectivity, it also provides on-board Wi-Fi*** for a maximum of ten devices.

FORDPASS APP

Get the most from your connected car experience with the FordPass app. From smart remote features to detailed vehicle health reports, the FordPass app lets you access even more functions via your smartphone. For peace of mind, you can lock or unlock your vehicle wherever you are, and even defrost the windscreen and activate the heated seats and heated steering wheel (where fitted) on a cold winter's morning (models with automatic transmission only).

Health Alerts send important information, such as tyre pressure and fuel level warnings, direct to your phone.

Other FordPass app features include My Journeys, that can record your trips and deliver tailored insights on how to optimise your driving technique. Each journey is tracked and stored, allowing you to compare by distance, duration, and more. You can log your journeys under personal or business categories and export the data. The app can also provide useful feedback on how to drive more efficiently, by showing you where you've braked too suddenly, accelerated too fast, or cornered too harshly.

Please note: Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information. Map updates are complimentary for a limited time following vehicle registration.

*Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

**The on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing. Where available, FordPass Connect remote features are complimentary for 10 years, thereafter a subscription may be payable.

***Wi-Fi hotspot (up to 4G LTE) includes a complimentary wireless data trial for a limited time only that begins at time of activation. Afterwards, data bundles can be purchased from Vodafone, refer to their website for details of their data packages. To take advantage of the built-in Wi-Fi hotspot capability, Ford vehicles must come with the appropriate hardware, and a data plan is required. Data coverage and service is not available everywhere and terms of your data plan, including applicable message and data rates, may apply.

†Live Traffic access is complimentary for the first 12 months following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence subscription is required.

††Local Hazard Information is complimentary for the first 12 months following the registration of a new Ford with certain driver information modules; thereafter a licence subscription is required.

‡Ford eCall shares vehicle location and helps the occupants initiate a call in their respective language to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

1 EXPLORE

REV-MATCHING

Mustang's 6-speed manual transmission is offered with rev-matching. This feature is designed to enhance the driving experience by matching the throttle position to the wheel speed for smooth gear changes, especially when down-shifting. Can be turned on/off in Track Apps. (Standard with manual transmission)

ACTIVE VALVE PERFORMANCE EXHAUST

Mustang is so customisable that even its engine note can be adjusted. A quad-tip active exhaust allows you to change the tone and volume of your exhaust system at the push of a button. Mach 1 features 4.5" quad exhaust tips with perforations to enhance sound quality, plus unique active exhaust tuning to match the car's distinctive character. (Standard)

Note Engine power output may be affected, depending on the exhaust mode selected.

BONNET AIR VENTS

Air extractor bonnet vents help to keep your Mustang operating efficiently by extracting heat and allowing fresh cold air to enter the engine bay. (Standard)

Mustang Mach 1 Fastback in Fighter Jet Gray body colour with black hood and side stripes with orange accents (option) and 19" 10 Y-spoke design alloy wheels with high gloss Magnetic painted finish (option).

FRONT AIR DUCTS AND SPLITTER

Unique lower front bumper intakes help maximise airflow to cool the engine and brakes for improved performance. Large brake cooling ramps compliment the airflow from the cooling ducts. A front splitter increases front downforce and reduces aerodynamic drag, while directing airflow into the engine bay for optimum cooling. A new belly pan with large 'underwing' feature further improves both downforce and brake cooling airflow. Overall, Mach 1 has 22 percent more downforce than a Mustang GT. (Standard on Mach 1)

2

SELECT

With a choice of Fastback or Convertible bodystyles, exterior and interior styling options, and GT or iconic Mach 1 series, every new Ford Mustang generates its own set of thrills.

GT Fastback

From any angle, there's no mistaking Mustang GT Fastback. The long powerful bonnet, distinctive profile and tri-bar lights are signatures to get your pulse racing. As does its blistering performance.

Standard features include

- 5.0L Ti-VCT V8 450 PS (331 kW) petrol engine
- 19"x9" (front) and 19"x9.5" (rear) 10 Y-spoke design alloy wheels with gloss black painted finish
- Leather seat trim in choice of Ebony, Ceramic or Tan
- Brembo® 6-piston front brake calipers
- SYNC 3 with TFT touchscreen and nine speakers

GT Convertible

Mustang GT Convertible is a visceral experience. From its unmistakable V8 rumble, to the power-operated roof, it will help brighten any day.

Standard features include

- 5.0L Ti-VCT V8 450 PS (331 kW) petrol engine
- 19" x 9" (front) and 19" x 9.5" (rear) 10 Y-spoke design alloy wheels with gloss black painted finish
- Leather seat trim in choice of Ebony, Ceramic or Tan
- Brembo® 6-piston front brake calipers
- SYNC 3 with 8" TFT touchscreen and nine speakers
- Power-operated black cloth convertible roof

Mach 1

Built for the road, certified for the track, the legendary Mustang Mach 1 returns to transform every drive into an exhilarating ride to remember.

Standard features include (additional to GT Fastback)

- 5.0L Ti-VCT V8 460 PS (338 kW) petrol engine
- 19" x 9.5" (front) and 19" x 10" (rear) 5-spoke design alloy wheels with low gloss Dark Tarnish painted finish
- Premium Luxury Grain Leather seat trim with accent stripe
- Black hood and side stripes with accents
- Unique aerodynamic package, including Mach 1 front grille, front splitter, belly pan with 'underwing' and brake cooling airfoils, and new rear valance
- SYNC 3 with 8" TFT touchscreen, navigation and 12 premium B&O speakers

GT Fastback

Standard exterior features

- 19" 10 Y-spoke design alloy wheels with gloss black painted finish
- LED headlights with integrated daytime running lights and automatic activation, high beam and levelling
- Halogen front fog lights
- LED tail lights
- GT design fender and rear badging
- Black mesh front upper grille with silver Mustang logo
- Heated and power-folding door mirrors with Mustang puddle lights
- Quad chrome exhaust pipe with Active Exhaust System
- Brembo® 6-piston front brake calipers
- Locking wheel nuts

Standard interior features

- Leather* sports-style seats in a choice of Ebony, Ceramic or Tan
- Dual-zone Electronic Automatic Temperature Control (DEATC)
- 12" LCD instrument cluster
- Rear parking sensors
- Ford SYNC 3 with 8" TFT touchscreen and nine speakers
- Track Apps
- Leather-trimmed and heated steering wheel

SPECIFICATIONS

Get to know your Ford Mustang inside and out, from its engine performance technology to its exclusive interior features.

MUSTANG MACH 1

Legendary 5.0L V8 delivers up to 460 PS (338 kW) and 529 Nm of torque.

⁰Uses sensors. ¹Driver Assistance feature. **Note** Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.
^{*}Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations.
^{**}Operates at speeds over 65 km/h on multi-lane roads with clearly visible lane markings. Lane-Keeping System does not control steering.

1 Reward to rev

Mach 1's recalibrated and upgraded 5.0L V8 features an open airbox for improved air flow, and delivers peak power at its 7,250 rpm redline.

2 Manual transmission

For faster gear shifting, Mach 1's TREMEC® 6-speed manual transmission has a twin-disc clutch, short-throw shifter and enhanced rev matching.

3 Brembo® brakes

Large six-piston Brembo® front brake calipers provide confident stopping power. (Standard)

4 Rear axle cooling system, from GT500

A rear heat exchanger assists in maintaining controlled differential temperatures for enhanced endurance. (Standard on Mach 1)

6 Rear diffuser

Mach 1's rear diffuser works in conjunction with the rear axle cooling for optimum air flow. (Standard on Mach 1)

In addition to its powerful braking system, Mustang benefits from a range of Driver Assistance technologies:

Pre-Collision Assist⁰²⁾*

Scans the road ahead for moving objects and pedestrians, even at night, and is designed to warn you if a collision is likely. If you don't react, it automatically starts braking to help slow you down. (Standard)

Distance Alert⁰²⁾

Displays the distance to the vehicle in front and can alert you if you get too close. (Standard)

Lane-Keeping System⁰²⁾**

Warns you if you accidentally drift out of lane on a multi-lane road, and can guide you back into your lane. (Standard)

Driver Alert⁰²⁾

Monitors your driving behaviour and can alert you if it detects signs of driver fatigue. (Standard)

5 Airflow management

New belly pan extends rearwards to help smooth underbody airflow and increase aerodynamic downforce. (Standard on Mach 1)

4 SPECIFICATIONS ENGINES

It's the unmistakable 5.0L V8 acceleration rumble that defines Mustang. From the GT's free-revving nature to the Mach 1's hard-charging power, there's nothing that sounds or performs quite like it.

5.0-LITRE V8 ENGINE

The acclaimed 5.0-litre V8 is the ideal engine for the Ford Mustang. Upgraded valvetrain and cylinder heads help the engine develop more than 450 PS (331 kW) and 529 Nm of torque. Mustang Mach 1 is powered by an upgraded 5.0-litre V8 engine delivering at least 460 PS (338 kW) and 529 Nm of torque.

Fuel, performance and emissions

The fuel consumption and CO₂ emission figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. The figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO₂ emissions (these are also WLTP test figures).

^oFord test figures. ^oThe declared Fuel/Energy Consumptions, CO₂-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO₂-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedures enable comparison between different vehicle types and different manufacturers. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>. [#]Active Edition/Active X Edition/Active X Vignale Edition. [#]Represents the lightest kerbweight assuming driver at 75kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. Towing limits quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. Roof load is a maximum of 75kg on all models. Gross Train Mass includes trailer weight.

Purchase

Getting behind the wheel of your next new Ford is simple, with a variety of finance options.

Build your vehicle

Build and personalise your vehicle online. Simply head to the Ford website, select your model, then choose your engine, body colour and extras. You'll be able to view the recommended price, and send your configuration to a Ford Dealer if you wish.

www.ford.co.uk/cars

Find a Dealer and request a test drive

You can search for a Ford Dealer by location or Dealer name on the Ford website, and request a test drive online. Simply fill in your details and your chosen Dealer will contact you to arrange a convenient time.

www.ford.co.uk/dealer-locator

Finance

When it comes to financing your vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit* provides a range of finance products for your vehicle whether you are a private or business user.

Ford Lease^ specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business.

For more information about our finance products visit www.ford.co.uk/finance/ford-credit

*Finance subject to status. Guarantees may be required. Freepost Ford Credit. Ford Credit is a trading style of FCE Bank plc. Which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.

^Ford Lease is provided by ALD Automotive Limited acting as Ford Lease BS16 7LB. ALD is registered in England No. 987418. ALD is authorised and regulated by the Financial Conduct Authority.

Ford Insure

Designed specifically for Ford owners, Ford Insure† offers value, simplicity and a range of benefits that really matter to you.

- Repairs by experts at one of our authorised Ford Repair Centres
- Guaranteed repairs for as long as you own your Ford
- Genuine Ford Parts and manufacturer-spec glass
- Courtesy car whilst your Ford is being repaired at an authorised repairer
- Free 24 hour emergency help lines
- Named Drivers earn a Ford Insure No Claims Bonus which can be used on any Ford Insure car insurance policy
- Up to 90 days cover to drive in Europe

www.fordinsure.co.uk

†Terms and conditions apply. Ford Insure contracts are arranged, administered and provided by EUI Limited. EUI Limited is a subsidiary of Admiral Group plc and is authorised and regulated by the Financial Conduct Authority (Firm reference number: 309378). Registered in England and Wales as EUI Limited Reg. No. 2686904 Registered Address: Ty Admiral, David Street, Cardiff CF10 2EH.

Ownership

FordPass app

The FordPass app* gives you access to a host of useful features designed to make your journeys easier and help keep your vehicle healthy.

You can monitor your fuel level, mileage and tyre pressures from your smartphone; lock and unlock your car and heat your vehicle while you are elsewhere; find your way back to your parked car on a map; receive Vehicle Health Alerts directly to your phone, and much more.

www.ford.co.uk/owner/owner-services/fordpass

*FordPass Connect features and Live Traffic are complimentary on initial trial period following registration of the vehicle, thereafter a subscription is payable. See fordpass.co.uk for more information. Wi-Fi hotspot includes complimentary wireless data trial that begins at time of activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first. Afterwards a subscription to Vodafone is required (please refer to their website for details of data packages).

5 Purchase Protect

Ford Service

With Ford, the service doesn't end when you leave the showroom. Ford Service is designed to keep your Ford in great condition and help you make the most of your car throughout its life.

- Ford Online Service Booking
- Comprehensive service and maintenance plans
- Use of genuine Ford parts for added peace of mind
- Ford-trained technicians using the latest diagnostic equipment and tools
- One call for everything Ford 0203 564 4444
- Ford Accident Management, service free to all drivers
- Up to 12 months' UK and European Roadside Assistance (at participating Dealers)

www.ford.co.uk/owner/owner-services/ford-service

Ford Protect

Extend your standard 3-year/60,000 miles warranty to 4 years/80,000 miles or 5 years/100,000 miles with Ford Protect. Key benefits include*:

- High flexibility in duration and mileage
- Cover against unexpected electrical and mechanical repair costs in the UK and Europe
- The price of covered parts and labour are guaranteed for the length of your plan

Ford Protect New Vehicle Warranties are transferable to the new owner should you decide to sell your vehicle.

www.ford.co.uk/owner/my-vehicle/warranties

*Ford Protect terms and conditions apply. Please call 03702 416 726.

Ford Protect Service Plans

With various payment options available, you can cover the cost of your recommended scheduled services for up to 3 years from the day your new Ford is delivered. This can work out cheaper than paying for individual services and gives you added benefits:

- Ford Assistance – your UK and European Roadside Assistance will be increased to the length of your plan
- Vehicle hire – in the event that we can't finish any warranty work within 24 hours, we'll lend you a courtesy car for up to 7 days**
- A full Ford Service History, which may enhance your car's resale value

www.ford.co.uk/owner/service-and-maintenance/service-repair/plans

**Subject to availability and status, excluding fuel and insurance costs.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. ♦ The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
